# About The Company

PYUR (commonly known as PYURLondon) is a renowned British multinational skincare brand owned by Coty, Inc.

Founded in 1945 by John Pyur on Regent Street in London, England, the brand began as a modest shaving cream venture. Within just a year, John Pyur expanded the product line to include a wide range of grooming essentials for both men and women, with the signature three-step skincare regimen quickly becoming a household favorite.

Building on the success of these early innovations, PYUR introduced diverse products, including beard oils, hand creams, cleansing solutions, women's shaving essentials, and mouth rinses.

Today, PYUR is one of the world's most celebrated unisex skincare brands, recognized for its dedication to quality and timeless appeal across generations.

# Objective

PYUR's history is rooted in innovation, from inventing the first shaving solution to stop ingrown hairs to making skin smooth and clear of discoloration from acne marks.

The brand strives to constantly evolve PYUR's world-renowned plant-based, non-chemical-based ingredients available in skincare today.

The project consists of developing an advertising marketing campaign for the new fall season to increase awareness of PYUR's new 3-step solution in New York, Chicago, Miami, Dallas, Houston, and Los Angeles markets.

**The campaign needs to have A/B tests to understand how the campaign performs for its targeted audience of men vs. women.**

# Insights and Recommendations

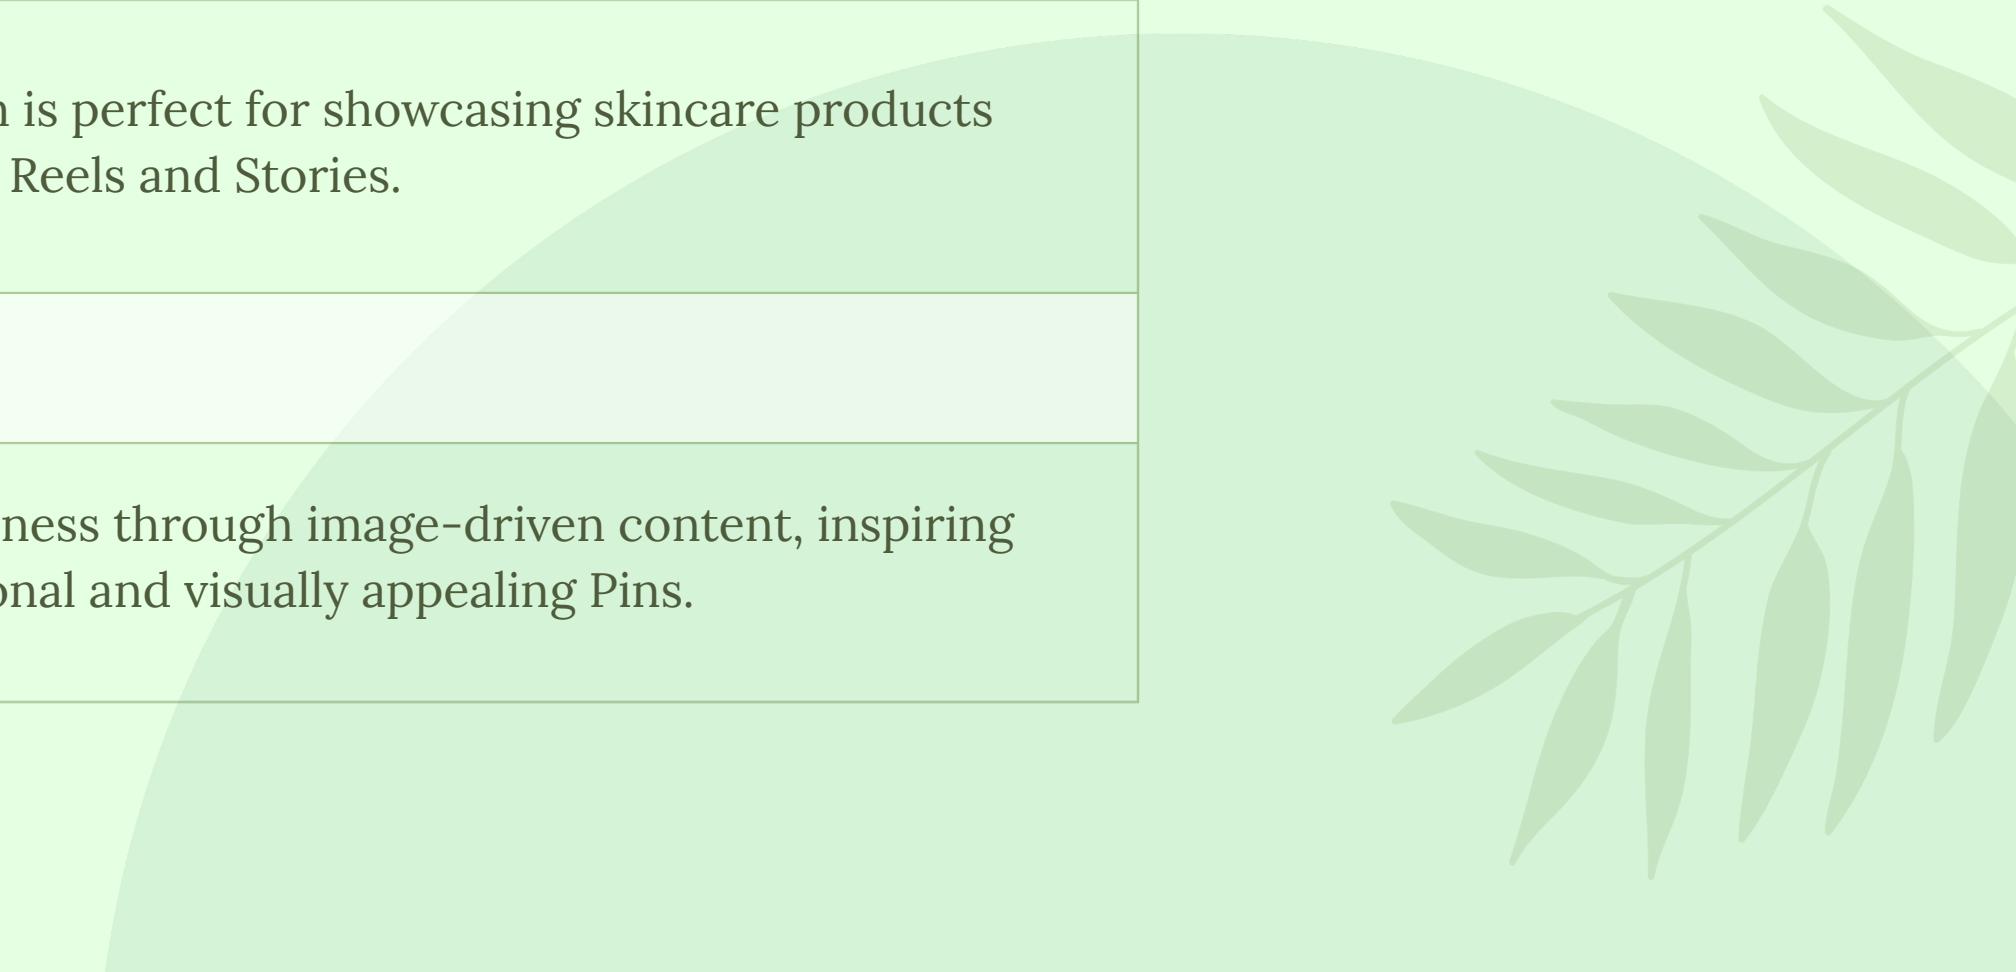

Based on the **organic** Facebook awareness campaign dataset from Fall 2023

	Insight	Recommendation
1	Videos have the highest engagement and reach, indicating strong audience interaction.	Increase the frequency of video content to leverage their higher engagement potential.
2	Photos perform less in terms of engagement and impressions compared to videos.	Enhance the quality and relevance of photos, aligning them with trending or popular themes.
3	Despite high engagement, videos get fewer impressions than their reach.	Optimize video thumbnails and titles to attract more clicks and shares for better impressions.
